School Year

K2

Grade Level

Name of Activity

Lunar New Year Chinese Music Performance

Objective(s)

- To appreciate the unique charm and artistic appeal of traditional Chinese musical instruments and Lunar New Year festive music.
- To introduce young children to the structure and tonal qualities of classic Chinese instruments, allowing them to experience traditional Chinese musical culture.
- To develop children's musical perception, sense of rhythm, and joy of participation through interactive rhythm games.

Brief Descriptions:

1. Through story-telling, the musicians introduce the traditions and history of performing Chinese music during the Lunar New Year, helping young children understand the cultural heritage and significance of festive music in Spring Festival celebrations.
2. The musicians perform classic New Year tunes live using traditional Chinese wind and plucked string instruments.
3. The musicians explain the sound production principles, visual features, and basic playing techniques of various Chinese instruments.
4. Under the guidance of the musicians, children get hands-on experience playing instruments and collaborating to keep time with the New Year rhythm.

5. Conclusion: Children share their thoughts on listening to the performance and playing the percussion instruments, wrapping up the activity amidst joyful, festive music.
